To receive the information file for any of these lists, address an email message to majordomo@quality.org with ONLY the following command in the BODY of your message:

info LIST

where you substitute LIST for the name of the list.

To subscribe to any of the lists supported here, address an email message to majordomo@quality.org with ONLY the following text in the BODY of your message:

subscribe LIST

where you substitute the name of the list for the word LIST in the command line above. You may subscribe to more than one list in a single message, but each subscribe request must be on a separate line, eg.

**subscribe config-mgmt
subscribe iso-users**

...etc.

Our system will respond by sending you an authentication code and instructions you will need to complete within 24 hours to finish processing the subscription. Those should also be returned ONLY to the automated list management software's address, at:

majordomo@quality.org
